PROFESSIONAL SUMMARY

Architect at MAKs with a growing portfolio in design development, site execution, and BIM-driven coordination. My role involves translating design intent into construction-ready details, resolving site issues, and ensuring alignment between consultants, contractors, and project requirements. Currently pursuing an MSc in Construction Project Management, I integrate academic knowledge with real-world project workflows, strengthening my skills in scheduling, risk, and compliance. Skilled in AutoCAD, Revit, and Primavera, I focus on delivering efficient, realistic, and execution-oriented architectural solutions backed by practical site exposure.

EDUCATION

📍 Heriot-Watt University, Dubai (2024 - 2026) MSc in
Construction Project Management

📍 University of Engineering & Technology Peshawar, KPK (2019 - 2024) Bachelor's
Degree of Science in Architecture

MAKS Engineering & Consultants – Architect

(NOV 2025 – Present; Dubai, UAE)

- Contributing to **design development**, preparing architectural drawings, details, and coordination packages aligned with project requirements and authority standards.
- Supporting **BIM workflows** by developing Revit models, updating design revisions, and ensuring multidisciplinary coordination with structural, MEP, and ID teams.
- Assisting senior architects in **technical detailing**, material selection, and resolving design issues during consultant and contractor coordination.
- Reviewing shop drawings, RFIs, and material submissions to ensure compliance with design intent and project specifications.
- Participating in site visits to verify construction progress, identify discrepancies, and provide architectural input for execution-related decisions.
- Collaborating with project managers to align design deliverables with project schedules, authority submissions, and client expectations.

Nashwan General Contracting – Architect Engineer

(Junior/Assistant Project Manager) (Nov 2024 – OCT 2025; Dubai, UAE)

Worked as an Architectural Project Engineer and assisting the Project Manager on a commercial building project (16 floors + 2 basements) in Dubai Healthcare City and villas in Nad Al Sheba 4.

➤ Commercial Building Project (Dubai Healthcare City):

- Handled Architectural design and technical coordination for a 16-floor + 2-basement commercial building and modelled its 3D in Revit Architecture.
- Created detailed drawings and shop drawings for authority approvals.
- Collaborated with consultants and contractors to enhance constructability and reduce clashes regulations and provided site insights in meetings. (Under PM)
- Supported site safety, quality assurance, and timeline monitoring under the Project Manager.

➤ Villa Project (Nad Al Sheba 4):

- Managed Architectural design and coordination for residential villas (Under PM).
- Produced detailed drawings and shop drawings for authority approvals.
- Worked with consultants and contractors to optimize design and minimize rework.
- Ensured adherence to Dubai Municipality standards and contributed site insights in meetings. (Under PM)
- Assisted with safety, quality control, and schedule oversight under the Project Manager.

TECHNICAL SKILLS

- **Software:** AutoCAD, Revit, Sketch Up, Lumion & D5 Render, Photoshop, Corel Draw, Microsoft Office, etc. **(Revit, Cad & Sketch Up focused more)**
- **Construction Management:** planning & Scheduling, Site Coordination, HSE Compliance
- Architectural Designing (Cad/2D drafting, Detailed Drawings & 3D modelling), Interior Designing (Specification Drawings)
- Knowledge of FIDIC, Building Regulations **(DM)** & Project Management

CERTIFICATIONS & MEMBERSHIPS

- Associate member of **SOE, UAE (Society of Engineers/Architects)**
- Associate member of **AIA, USA (America Institute of Architects)**
- Registered Architect with **PCATP (Pakistan Council of Architects & Town Planners)**
- NEBOSH
- Experience Certificates, & Dubai Driving License
- FIDIC Contract Management & PMP Certification (In Progress)
